

# 4LIFE® PREFERRED CUSTOMER AND DISTRIBUTOR BENEFITS 2019

4Life was founded in 1998 to benefit the health and lives of people around the world. 4Life's mission of Together, Building People through science, success, and service extends to over 50 countries, with offices in 25 countries. People join 4Life for a variety of reasons. Most join to enjoy the health benefits of exclusive 4Life Transfer Factor® products at a discounted price. Others join to earn part-time income. A select few join 4Life to build a full-time business\*.

## Preferred Customers

Individuals join 4Life as Preferred Customers to experience the benefits of 4Life's exceptional products at wholesale prices and do not participate in the business. By joining as a Preferred Customer, you can purchase 4Life products at wholesale prices and you may receive additional discounts on the products you purchase for your personal and household use. All Preferred Customers purchase the 4Life Enrollment Kit for a minimal cost at sign-up.

## Distributors

Those who desire to build a business and earn commissions on product sales may become Distributors. Like 4Life Preferred Customers, Distributors purchase products at wholesale prices and may receive additional discounts on products. In addition, commissions may be earned pursuant to the 4Life compensation plan (Life Rewards Plan™). A Distributor may cancel his/her Distributorship at any time and benefit from 4Life's money-back guarantee. There is also no requirement for Distributors to purchase large quantities of inventory. They set their own schedule and determine how much time they work.

### Distributors may earn income from a number of sources, including:

1. Retail profits on products purchased for resale and which are sold to customers
2. Commissions on the sale of 4Life products to Preferred Customers they sponsor
3. Commissions on the sale of 4Life products by other Distributors in their downline sales organizations

The income statistics below are for all Distributors who received a commission payment from 4Life from October 1, 2018 through March 31, 2019. These amounts do not represent Distributor profits, as they do not consider expenses incurred by Distributors in the promotion and operation of their businesses. Also, these figures do not include retail profit earned by 4Life Distributors from reselling 4Life products.

## Other Information

Approximately 70% of people join 4Life to experience the benefits of 4Life products and are enrolled as Preferred Customers. Those who become Distributors (primarily on a part-time basis to supplement their income) may experience the benefits of 4Life products, may sell 4Life products to family and friends, and may enroll others as Preferred Customers or Distributors. During the period presented, approximately 16% of all Distributors received no income at all. Those Distributors who received no income are comprised of Distributors who are inactive, but have not yet been terminated due to inactivity, and Distributors whose Preferred Customers and downline sales organization purchased products in amounts that did not qualify them to earn commission payments. A very small percentage of individuals sell 4Life products and build 4Life businesses on a full-time basis. Distributors do not earn any compensation for simply recruiting and enrolling Preferred Customers, as compensation is only earned on the sale of 4Life products.

**The earnings of the Distributors in this chart are not necessarily representative of the income, if any, that a Distributor can or will earn through participation in the Life Rewards Plan. These figures should not be considered as guarantees or projections of actual earnings or profits. Any representation or guarantee of earnings would be misleading. Success with 4Life results only from successful sales efforts, which require hard work, diligence, and leadership. Your success will depend upon how effectively you exercise these qualities.**
