The income statistics above are for Active Numis Network Independent Collector Representatives (“ICRs”). An “Active ICR” is defined as any person who has (1) executed a Numis Network ICR Application; (2) purchased the Numis Network Success System ; (3) personally generated at least 60 points in Qualified Volume over the previous 35 days; and (4) has not been cancelled or terminated for any reason. The average annualized income for all ICRs (both active and inactive) during the period was \$ 306.95 USD. From February 1, 2011 to September 30, 2011, approximately 83.5% of individuals who executed a Numis Network ICR Application participated as coin collectors only. The numbers above reflect the results of the enhanced Numis Network compensation program that went in to effect on January 10th, 2011.

The earnings represented this chart are not necessarily indicative of the income, if any, that a Numis Network ICR can or will earn through his or her participation in the Numis Network Compensation Plan. Your success depends upon your skills, work effort, and market conditions. Numis Network does not guarantee any level of income or success.

*ICRs at the Rank of Five and Six Star are eligible for the Five Star Bonus Pool, which is paid monthly. The Five Star income represented in this section includes both the Weekly Earnings and monthly Five Star Bonus Pool earnings.
